Zusammenarbeit (GIZ) GmbH

## Capacity development support

Technical Training Workshop on GHG emissions quantification and prioritizing policies, actions and measures in the transport sector

# How We Work

- Facilitating stakeholder dialogues
- Training on the job, study tours and training workshops
- Inviting international experts to our partner countries
- Commissioning national experts (universities, consultants) with studies and analytical work
- Supporting data collection
- Developing methodological guides and tools for emissions quantification

# Knowledge products, training and dialogue

The screenshot shows a web browser window with the URL <https://www.changing-transport.org/webinar-series>. The page header includes the 'CHANGING TRANSPORT' logo with the tagline 'Facilitating climate actions in mobility' and navigation menus for EXPERTISE, IMPACT, RESOURCES, EVENTS, PROJECTS, COUNTRIES, and ABOUT. The main content area features the title 'UNFCCC and GIZ present: Webinar series on Methodologies for Baselines and Monitoring in the Transport Sector'. Below the title, there is a paragraph describing the series and a list of six webinar topics. Logos for GIZ, the United Nations Framework Convention on Climate Change, and the Federal Ministry for the Environment, Nature Conservation and Nuclear Safety are displayed on the right side of the page.

# 100 cities & 20 national governments

partner up for sustainable urban mobility development!

Supported by:

Federal Ministry for the Environment, Nature Conservation, Building and Nuclear Safety

Implemented by:

**MobiliseYourCity is a Global Partnership** launched  
at COP21 under UNSG/UNFCCC global action agenda

### Focus

- Sustainable Urban Mobility Planning &
- Investment Preparation

### Objectives

- **100 cities** engaged in reducing their emissions by 50% through the development of integrated Sustainable Urban Mobility Plans (SUMPS)
- **20 countries** committed to introducing National Urban Mobility Policies and/or Investment Programs (NUMPs)
